You can watch a clip of that famous bit here: The pair, who are also music-touring buddies, were filmed singing this number in Rome, apparently on a cold winter's night. The video has already received more than a million hits on YouTube.Modeling slow light in a one-dimensional chain of coupled equidistantly coupled cavities. We study slow light propagation in a one-dimensional chain of coupled cavities, both theoretically and experimentally. A theoretical analysis based on coupled mode theory is performed to describe the system theoretically. The use of coupled mode theory allowed us to systematically study the effect of coupling parameters on slow light propagation. An experiment is performed to measure the group velocity of the slow light in the chain. The experiment results show a good agreement with the theoretical predictions.Milk Number Determining Milk Name, UPC Code, and Barcode Sequence A fast growing industry of dairy f678ea9f9e
